

**6' STRAP METAL BENCH - WITH BACK**

An excellent addition to any sidewalk, entryway or courtyard area. This commercial grade bench is manufactured with high quality steel and welded together to withstand all of the usage it will invite. Manufactured to withstand continued seasonal exposure, this flat steel bench is finished in a seamless UV stabilized, corrosion resistant powder-coating. This 6' commercial steel flat bench is a great, low maintenance seating addition for any high volume outdoor location.
