- **DURACORD® Rope:** Solution-dyed synthetic blend rope that balances the softness of cotton with the durability of polyester. This combination makes the rope All-Weather proof and resistant to rot, mold, and mildew.
- **Cumaru Spreader Bar:** Brazilian hardwood, similar to teak, is 5 times denser than pine, cedar, and redwood. Ages naturally to a beautiful silver grey.
- **Rolled Rim Grommets with Spur Washers:** One-of-a-kind grommet, when compared to telescoping grommets used by most of our competitors, that creates a more secure bond between fabric and ring knot.
- **Galvanized Hardware:** Galvanized steel is used for all of our hanging chains for added support and superior rust protection.
